PRODUCT DISCONTINUANCE NOTICE

Product: **PVIM-RPLIS-2048 Image Sensor**

Panavision Imaging, LLC, is announcing the discontinuance of all versions of the PVIM-RPLIS-2048 image sensors, effective immediately.

Last Time Order Date: All orders for those discontinued Image Sensors must be received by Panavision Imaging prior to close of business on May 2, 2011. The discontinued product is detailed in the table 1 below. The products will be made to order and shipments will commence as soon as possible. Panavision will make every reasonable effort to fulfill all last time order requests, however Panavision reserves the right to limit last time buy quantities based on component and material availability.

Product Name	Configuration
PVIM-RPLIS-2048-EXB-LG-ES	LCC package
PVIM-RPLIS-2048 (All Product Family)	All other package types including wafer and bare DIE forms

Special deferred delivery option: Deliveries may be scheduled through Nov 1, 2011 subject to credit department approval. To qualify for deferred delivery, orders must be received by the above listed Last Time Order Date and must clearly indicate that the order is firm and non-cancelable.

If Panavision Imaging can be of any further assistance with this matter, please contact our sales support representative at sales-PVI@panavision.com or our sales office at ((+01)-(607)-749-2000. Thank you for using Panavision Imaging products.

Sincerely,

Panavision Imaging, LLC
